

Your sonic journey starts here...

Stop and take a moment to listen to the sounds of nature

1. Can you name what you're listening to? _____

2. How about describing it? _____

3. What does this remind you of? _____

4. How might you visualise this soundscape? Use the box below to make some marks in response to the sounds you can hear. Think about these prompts to help you:

scale echo movement texture
speed frequency colour layer volume

Your Sonic Forest

Walking Trail and Art Installation

20.06.24 | 11am - 3pm

Your Sonic Forest is brought to you by Sensing the Forest, a project funded by the UKRI Arts and Humanities Research Council. The project uses creative responses to raise awareness of the connection between forests and climate change.

Follow the Willows Green Trail to encounter a series of thought provoking art installations. Explore the beauty of the forest and listen to its sounds in new and surprising ways!

Use the hashtag #yoursonicforest to share your photos with us!
